

**Fitting Sheet 13 -
Alloy Tech - CSC
Installation Instructions**

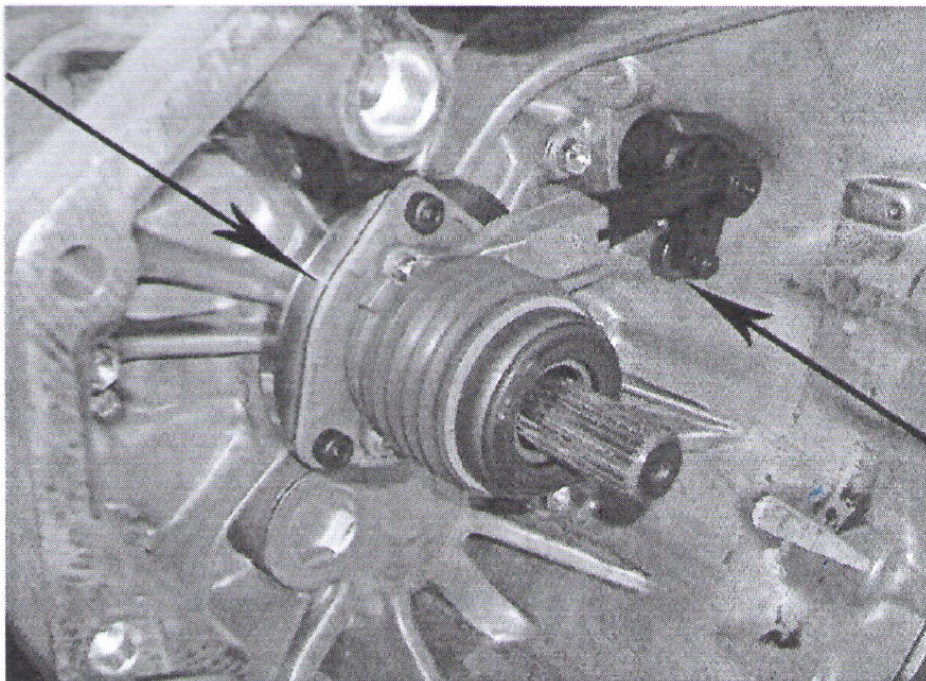

**Clutch Kit including replacement Single Mass Flywheel
Kit Number : GMK 7744SMF**

When fitting a GMK-7744SMF clutch kit, two spacers are supplied which must be installed between the C.S.C. (Concentric Slave Cylinder) and transmission front face.

Suitable bolts are also included in the clutch kit.

These spacers are necessary to compensate for the variation in the cover assembly diaphragm finger height.
